Making Conventions memorable is Dennis' forte. People remember Conventions by the enjoyment and information they receive. He has a proven ability as an entertainer and makes Meeting Planners and Bureaus look good as he delivers his Life style and motivating message with high energy, information and humour. His specialty is adjusting attitudes to bring fun into Business and Life. Learn how to create a Funnier you and how to turn Humour into Profit by using Fun as a business growth tool.

Dennis, author of *'Making Fun Work'*, has a unique background where his family made a living out of providing fun and entertainment to people by travelling around Australia's showgrounds with their sideshow attractions. The main one being the Touring Boxing Tent. ***"The Show's in town!"*** Taking people back to fond memories puts them in the right frame of mind to receive the message that the client wants to convey, and Dennis does this in an entertaining, inspiring and thought provoking session.

Over the past 25 years he has had experience on both sides of the fence. Blue collar, where he had his own plastering business employing 22 people and corporate, where he led teams in Architects offices. Dennis now speaks nationally and internationally on the psychology of using humour in your business and personal life.
